Construction News Bacton Low Rise

The use of cross laminated timber for the construction of Phase One of our scheme at Bacton Low Rise for Rydon Construction Ltd has allowed quick progress with only internal fixtures and balconies for Block A remaining. The three phase development in LB Camden consists of a mixed tenure of 294 flats.

Lancaster Street

Our development at Lancaster Street, Southwark, was featured in an issue of METROMoves. The ACA designed residential development, labelled a 'towering success', is set for completion in November 2015.

In other news..

Website

Designed in-house by the ACA PR team and working alongside CBJ Digital, we are proud to announce the launch of our new website! The website, marking the practices 22nd anniversary, has seen multiple improvements, offering dynamic features and improved navigation.

West Norwood Fire Station

We have secured planning permission at West Northwood Fire Station. Located in Lambeth, the development for Landhold will provide 22 flats within the conversion of a listed fire station and a four storey new build block to the rear. Built in 1914-1915, The Grade II Listed Fire Station is restrained Arts and Craft style with the use of red brickwork and Portland stone to

the front elevation with stock brick to the rear. A new build four storey residential block will be constructed to the rear of the site connected at ground floor level by a communal landscaped courtyard. The design of the rear block carefully references cues from the listed building in the tones of brickwork and the vertical stair core and horizontal emphasis of the facade

Roehampton

Egleton House has been completed by Kingsbury Construction for One Housing Group. We were instrumental in achieving the planning permission for a change of use within the sensitive Roehampton village conservation area. Subsequently we assisted with the construction drawings to maintain the design quality established through the planning process.

Acton Town Hall

Located in the London Borough of Ealing, our 71 flatted scheme at Acton Town Hall was awarded planning approval this month. The development sees the extension and remodeling of a grade II listed town hall and a new build block. We are commencing working on RIBA Stage D and tender pack with a completion date penciled for May 2017.
